## **PUBLIC CANAL RETAINING WALLS - DETAILED CONDITION INSPECTION AND MAINTENANCE & RENEWALS PROGRAM** CANAL WALL INSPECTIONS

Moreton Bay Regional Council (MBRC) have engaged engineering consultant SMEC to complete condition inspections of public retaining walls within the canal estate as part of the development of a canal walls asset maintenance & renewals program.

Approximately 130 segments of public wall are scheduled to be inspected across MBRC's three canal estates during the months of February and March 2021. A map showing the locations for the planned inspection and testing work in your canal estate is provided overleaf.

Condition inspections will primarily involve visual inspections, but detailed testing (incl. some concrete drilling/coring) will be completed in some locations.

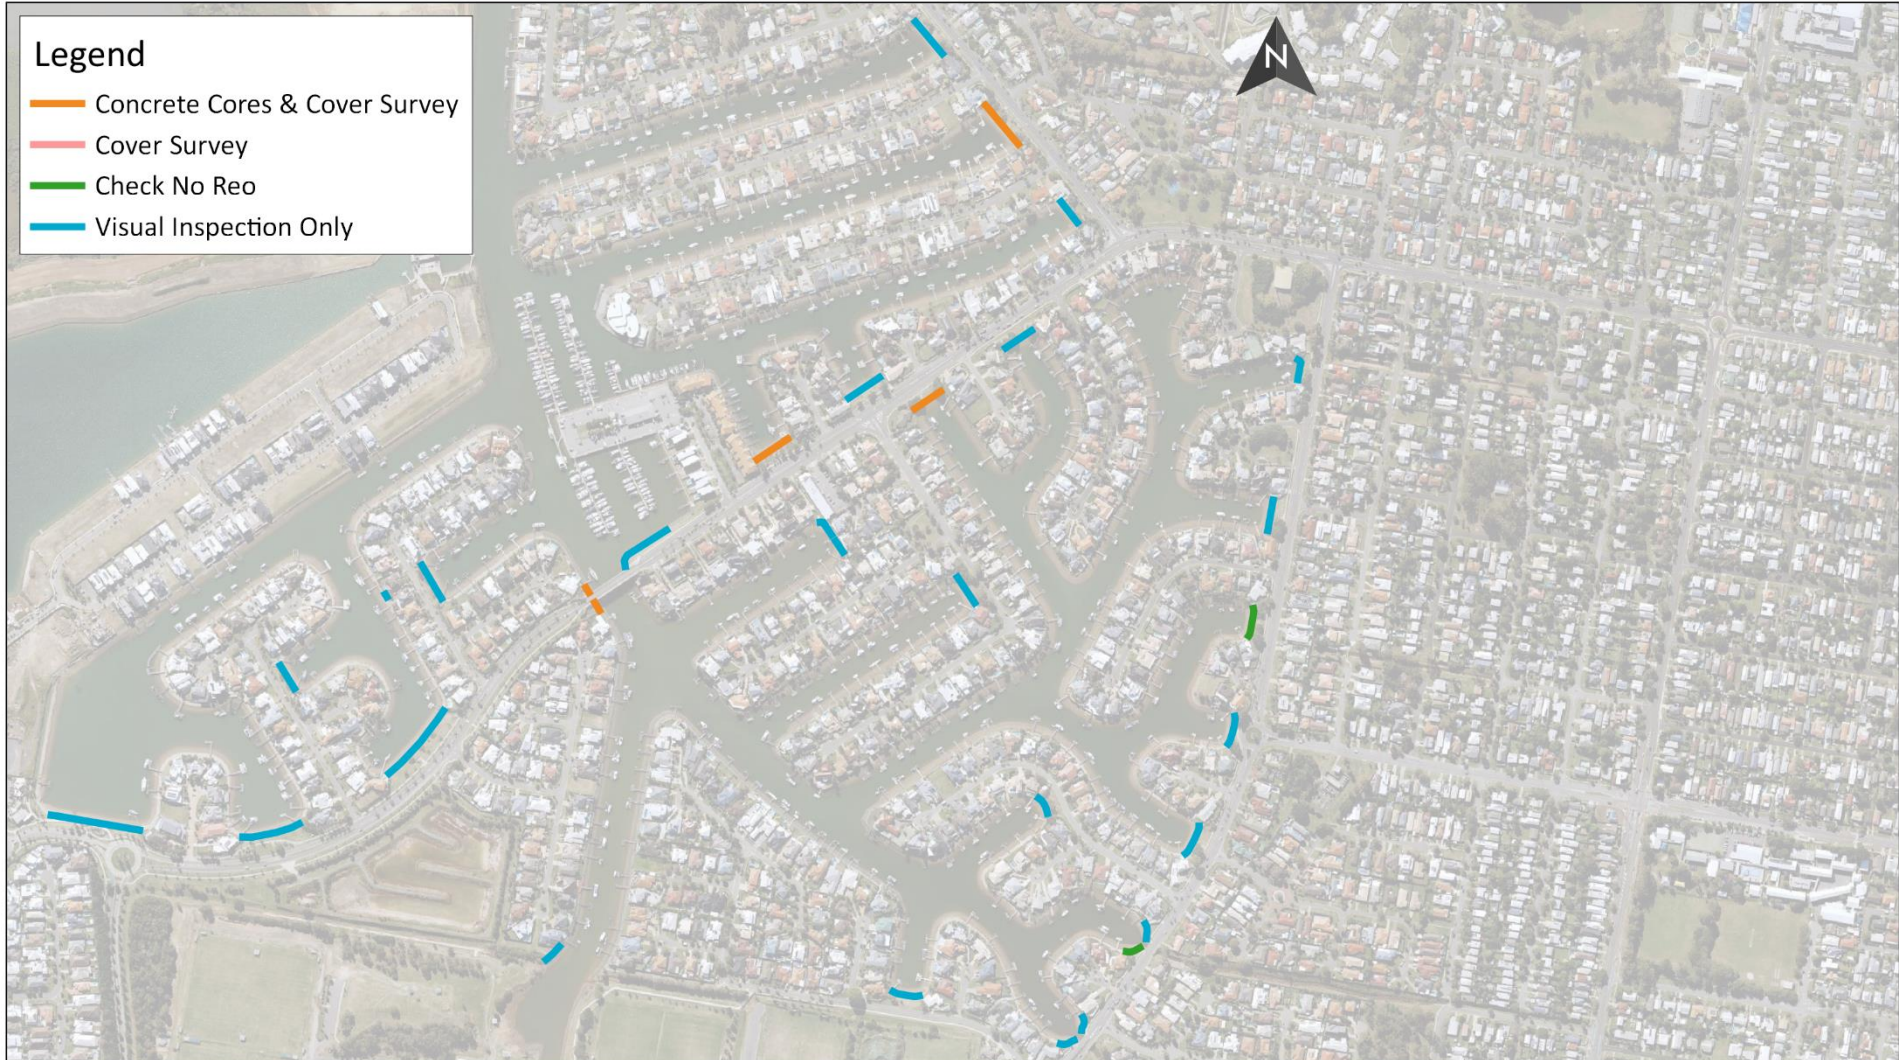

Access to the public walls will be via foot and by boat.

Private canal revetment walls (walls on private property) are the responsibility of property owners and are not being inspected. For information regarding private canal revetment walls please visit: <https://www.moretonbay.qld.gov.au/Services/Property-Ownership/Canals>

For further information in relation to these inspections, please contact MBRC's Canals Planning Officer, **Jeremy Trotman** on 3205 0555 or at: [InfrastructurePlanning@moretonbay.qld.gov.au](mailto:InfrastructurePlanning@moretonbay.qld.gov.au)

A handwritten signature in black ink that reads "Allan Charteris".
